I am sick of  
Sick of failing  
The way I get through  
Through my life  
I am begging  
Him to help me  
Cause alone  
I am too weak

We bow down  
Before him  
Cause alone  
We're too weak for this

Ref:  
I always wanna live  
Like you want be to, please help me  
But in the end I've done the thing I've never wanted  
Cause I'm to weak on my own

When I'm searching  
For a way to get happy  
I'll find many things  
But ev'ry thing ends  
After a while  
Only one way  
Stays eternally
