

Assigned "Hope In Hard Times"

Visit "[Hope In Hard Times](#)" on MotoLyrics.com

We live in a world
In which hatred and death reigns
The devil has power
And he fights against us
Sometimes we think, we're alone
In our life
But we never stay alone
If we go with Jesus Christ

Ref:
You are my light
In the shadow of this world and you
You give me hope in this hard time
You gave your son
In the darkness of the world
And through him has come the light

We wait here for you
That you come to the world
You gave us the promise
That you'd redeem us in the end
I love you Lord
For all you have done
But before you will come
We will fight for you
