Woke up again all alone just me and my broken soul I  
aint got no where to go I cant breath no weed I cant  
even smoke and so eat pills cause they calm me down  
I'm in deep and I'm starting to drown so lost and I wont  
be found until they find me bloody dead in the fucking  
ground and now I don't know where to go seem like  
everything I try just gets me no where I don't care I'm  
sick of that hate full stare where the fuck did you go  
your so lucky that I didn't loose control I wanna rip out  
your soul threw a bullet hole in your chest, im  
depressed yeah

The best thing about pain for me is that it always  
straight changes me im in a place where I hate to be  
nobody's saving me and early grave would be just fine  
cause my time has come and my mind is done I cant  
find no one cause I tried to run an when I die my son  
realize ive come to re feel the best thing about pain

Yeah watch me fade away everything is grey on my  
darkest day I pray and pray still never feel safe  
addicted to the pain and ill never change wait don't go  
go slow control no soul so she's gone and im wrong for  
all the love I give I don't wanna live so gimmie that  
razor blade bright red colors of my trip engraved souls  
in the wall my down fall late nights in jail im in hell hear  
my call help me give me my life back cause my minds  
so black the darkness in fact will make me react  
somebody's getting fucking stabbed yeah

The best thing about pain for me is that it always  
straight changes me I'm in a place where I hate to be  
nobody's saving me and early grave would be just fine  
cause my time has come and my mind is done I cant  
find no one cause I tried to run an when I die my son  
realize I've come to re feel the best thing about

The best thing about pain for me is that it always  
straight changes me I'm in a place where I hate to be  
nobody's saving me and early grave would be just fine  
cause my time has come and my mind is done I cant  
find no one cause I tried to run an when I die my son

realize I've come to re feel the best thing about  
Bring the pain is what everybody be saying but I aint  
playing it to be praying it passing away please take me  
away im ready to take it fuck it put one in my chest  
today and put me to rest no telling what happens when  
I felt the pain I feel so alive when the world falls down  
im keeping it wicked don't fuck around cant fuck with  
the dead in the ground now pound to the face when the  
stress be ticking me out keeping the strength fo sho  
though but no dro will bring the clowns (bring the  
clowns) you cant hurt what's been crushed so many  
times its in a joke to spit a rhyme about my fucked up  
life that's right so fuck any pain that you can admit it  
straight I contemplate on how many times I can stab  
your fucking face TRALATE? One time for all them kids  
in the street yeah a thousand beats for all the wrong  
full decisions at least I gotta little time before I feel my  
last hurt so imma fuck the whole world up before I'm  
dead in the dirt. So fuck pain

The best thing about pain for me is that it always  
straight changes me I'm in a place where I hate to be  
nobody's saving me and early grave would be just fine  
cause my time has come and my mind is done I cant  
find no one cause I tried to run an when I die my son
