### Stanza 1

Golden moments are ours to share  
Feeling greater we'd like to say  
We can't believe it  
We have come through  
We can't ignore it  
We sing it too

### Stanza 2

We were once little  
So much to know  
Not knowing what  
And how to do  
Now we have grown up  
Bouncing with life  
Facing our world  
To fly our kites  
We have before us the chance to win  
We'll try to keep on as you have been(Back to  
beginning)

### Stanza 3

So we end our grader days with love  
And thankfulness  
And we keep in our hearts  
The true joy and happiness  
We won't say goodbye, oh no  
To our Assumpta we'll be true  
Assumpta ooooh we love you

### Stanza 4

So we end our grader days with love  
And thankfulness  
And we keep in our hearts  
The true joy and happiness  
We won't say good bye, oh no  
To our Assumpta we'll be true  
Assumpta ooooh  
WEE LOOVE YOOOOOOOU!
