Welcome now the new Enigma  
AVE AVE SATANI  
In memoriam Heavenly Creatures

Nighteyes are looking up to thou, from my deepest  
ground  
And try to seduce thy spawn, with a whispering and  
lovely sound  
For so thy crosses fall, and all thy shrines we will  
pervert  
As I walked through Heaven and saw thy Angels  
Raped and burned and impaled

In nomini Sathanas  
Enoch Leviathan  
Eschna dewa Lucifer  
Elohim-We will come

Hail to the Demon-Legions of my empire  
Now you are reborn, and blessed in holy sin  
My arms gave you eternal peace  
Gods' army you will fight for me this final war to win

In memoriam - Heavenly creatures  
This is the essence of all evil  
Black King you're called of the real creation  
We burn Gods' spawn for Uriels new dark nation

Oh Eloi Nemesis  
We are thy assassins - assassins

Army of the Lord - Master  
Angels of God - Satan  
Demigod, leading slave  
We are gathered for Gods' holy grave

A diabolical summoning

In memoriam - Heavenly creatures  
The awakening of hell's damnation  
Is satisfied in ritual raptures

Then we are the race of thy new generation  
We are the last souls of your dying sun  
And then the dawn of your kingdom has begun  
In memoriam - Heavenly creatures  
Anno Domini - it never was

So welcome now thy worlds new spawn  
Satanael our work is done - Armageddon is done
