As I enter tonight - in dark obscure dreams  
Of enigmatic lights - in atmospheres supreme  
Lost in mourning skies - Heaven is far beyond  
Interventional demise - the essence of Meggido's  
dominion

Innocence is my pure conception  
Of esoteric dark damnation  
I'm unseen in grotesque spectrums  
Arrival of the final constellation  
Desire is my unknown name - return to pleasure  
complete in pain  
Tonight

In silence we can hear - your crimson overtures  
Whispering destruction storms - once again come forth  
Beyond all shadows (you shall) burn - beyond eternity  
you fade  
Cosmic whittered souls - into violent spectral  
dimensions

The last voyage starts (For those we hate)  
Ass immortal passages pasts (Aura of the unforgiven)  
Ancient secrets bleed (Frozen ornaments) -  
In silent romantic memories  
A forsaken breath I feel (On liquid soil)  
In Heaven and in space (My kaleidoscope)  
Fragments fall on earth (Sculptured jealous tears) -  
Spiritual, monumental storms to uiverse

Enter with me the darkside of Eden -  
Ignoring the mourning stars  
Enter with me the darkside of Eden -  
Introducing (spiritual) other sides  
Into dreams of illusional ecstasy -  
Endless energy unleashed jealous apathy

Supremed illusions, seduced dreaming hearts  
Brilliant astral peace, velvet obscure eden

This is a dream of Gods' creation - Forced Angels  
Take my hand, I'll show you Heaven

Their peace is only spawned illusion - Forced Angels  
Take my hand, I'll show you Heaven
