As I visit this place in the sky, there was a flame which  
burns eternal  
And Angels fall wounded in my arms, is this thy peace  
you once prayed infernal

And there will be a soul  
Which united the old Legions  
Once a warrior of God  
And now a soldier of mine - Angel of war - UZIEL

I saw thy spawn rising their weapons, as forced peace  
turned to endless hate  
And jealous souls kills Angels of sadness, as my  
Legions reached the horizon of fate

Frozen and scared beneath the gates  
Harmonical crimson fear  
Oh, Lord, dance with me on the clouds  
Enjoy this sleep to dream upon

Blinded Angels, soulless eyes  
Killing act in paradise  
Closed for spirits like a shell  
This is Heaven and not Hell

And I am invisible in Heaven  
To ruins, I lay your place to dust  
I'll introduce you pleagues which are seven  
Hatefull and frozen, I'll burn thy peace until dusk

And there will be a soul... *[repeat]*

*And as the Angels fight eye for an eye  
A second war starts in the sky*

*Your obscene world in my eyes, is a circle of loneliness  
The new spectrum of paradise  
Out of the dark we shall rule again  
Thy endless sleep, my volition shall reign*

*Frozen and scared beneath the gates... [repeat]*

*Jealous Angels, blinded eyes  
Satan shall burn this paradise  
Forsaken Angels suffer well  
In a holy war to die for Hell*
