[M and L: T. Eriksson]

I gaze at the moon and it's staring back at me  
I wonder if she could ever feel the pain I feel  
Alone now I stand, is this the beginning of the end  
I'm not quite so sure what all this sorrow was meant for

[BRIDGE]

All on my own the reaper has come to take you away  
In sickness and health, the grief that I felt, I want you to  
know

Consumed by the pain  
I'm felt here standing in the rain (by your grave)  
Betrayed by our fate all that's left in me is hate  
Now it seems to me, our lives a fading memory  
I no longer know the reason fo me to live on

[CHORUS]

Longing for that knock on the door  
Longing for that knock on the door
