"Ritual Hate Construct"

The flowing tide, The source of inner darkness
A pathogenic mind deforms the primal seed
Penetrating the cortex of suffering
The superior will of tortured stimulus

Renascent Hatred...Initiate self destruction
Renascent Hatred...Misanthropic revelation
Renascent Hatred...Lecherous contagion
Renascent Hatred...Deified in genocide

Ritual...Hate...Construct

With the dying enshrined to funeral pyres
I herald the dawn of pure human extinction

Visualise...salvation wreathed in fire
Unified reversal creation
Purified...cleansed in the blood of millions
The human race...forlorn!

Sacrificed, God's children weep in vain
Terminal - Genocidal - Influx

Ritualised...The holocaust personified
Prophesised...In funerary dreams
Hatred...Executions multiplied
Human evolution complete

Sacrificed, God's children weep in vain
Terminal - Genocidal - Scorn
