

At Dawn We Die "Mask Of A Martyr"

These shallow hearts collide in ignorance, an epiphany
of self indulgence, are you an angel or just another
whore now everything

Falls into place you dig your shallow grave tonight, an
angel screams out for mercy to purify the innocent

Broken lies fill the air tonight with solice I walk the
bodies of the fallen to remember what it felt to be alive
I walk through the ashes vacant to those all around me,
silence is killing the only thing I have, no remorse for
what I've done

Erase it all

Broken excuses, false apologies for what you never
said, in this life we rise to crumble down, can't tolerate
being a martyr to your apathy

Blood stains the ground as apologies fill the air, broken
promises of freedom hide your screams, just to see if
the angels will take the faithful I'll keep you to myself in
this dream
