He sits alone today
He can't escape the weight
Crushed by his thoughts of yesterday
A broken heart in disarray
He'll close his eyes
He can't understand
Shaking with fear
He locks the door again
They just pretend
Nothing's happening
But tonight he'll lift his hands and sing

You can never bring me down
You can never count me out
The lies that spill from your mouth
Will never take me out
You scream 'don't leave'
But you're only suffering
I won't fall for your disguise
You're not love
You're my demise

She gave her heart away
She gave him everything
But everything was not enough
For him to keep his promise
'Get your hands
Off of me
I won't stand for this
I won't stand for this anymore'

You're not love
You're my demise
