My hopes and doubts collide in this uncertainty
My dreams are swallowed up in harsh reality
I'm too far to turn back now
But carrying on could cost me everything

When doubt comes crashing down
It won't be the end of me
I'll never let you steal my dreams
When doubt comes crashing down
It won't be the end of me
Cause I know the One who carries me

I'm working my whole life for this chance
Thinking it would never come
The weight of this moment is more than I can bear
But the burning question still remains
Is it worth it
Is it worth it in the end

This is my ambition
And I will follow through
This is my song
The sound of dreams come true
