Underneath the cloudless sky
Let your banners flatter high
With flashing steel and ringing sheild
Let us sweep our battlefield
With visor high and sword in hand
Come, blue knight, take your stand
Be men of virtue tried abd true
In your armor white and blue.

Chorus:

Let all you knights of Davao
With God's high command your hearts vow
Go onward on to fight with glory shining bright
Oh shake the mountains
With your song and with your banners march along.

Onward speed, you gallant knight,
Trusting God, proclaim your right
The clash of battle is sweet to hear
When the victory is near
So grateful sons spread o'er the land
To the farthest ocean strand
With hearty song ring loud the fame
Of our Ateneo's name.

(Repeat chorus)
