(Mmmmmmm

Mmmmmmm)

Seven out a twenty one knocked down now only
fourteen left to go

I didn't know that i was next in line but it is not as if i
had much time

Jet black all around me voices calling saying please
don't go away

Last thing i remember drifting down this tunnel was
bright light ahead

Out of nowhere it came and hit me on the head

Out of nowhere

I saw it over there before it hit you on the head

I saw it over there

Out of nowhere it came and hit me on the head

Out of nowhere

I saw it over there before it hit you on the head

I saw it over there

(Mmmmmmm

Mmmmmmm)

Seven out a twenty one knocked down now only
fourteen left to go

Didn't know that i was next in line but it is not as if i had
much time

Jet black all around me voices calling saying please
don't go away

Last thing i remember drifting down this tunnel was
bright light ahead

Then

When i came around somebody helped me to my feet
and said i can't believe you're still alive

I seen twenty other people in the last half an hour
who've been hit right between the eyes

It seems that somebody somewhere's on a mission to
protect ya cos there's no way that you should've

Survived

Hurrah, hurrah, hurrah (hurrah)

We're still alive

Out of nowhere it came and hit me on the head
Out of nowhere
I saw it over there before it hit you on the head
I saw it over there
Out of nowhere it came and hit me on the head
Out of nowhere
I saw it over there before it hit you on the head
I saw it over there

Out of nowhere it came and hit me on the head
Out of nowhere
I saw it over there before it hit you on the head
I saw it over there

Out of nowhere
