My heart is a stone
You don't want to go there
But I don't mind
If you try

If you should go
I'll be a soldier
But I can't fight
Without you

And outside love moves on
To an imaginary world
Where we both belong
In an imaginary world, oh

My heart is a stone
You don't want to go there
But I don't mind
If you try

We studied the cold
Yeah we made friends with it
An it brought us back
Our bodies intact

No one knows how I love you

No one comes even close
Sunlight runs through my veins for you, oh

And outside love moves on
To an imaginary world
Where we both belong
In an imaginary world, oh

No one knows how I love you
No one comes even close
Sunlight runs through my veins for you, oh

No one knows how I love you
No one comes even close
Sunlight runs through my veins for you, oh

I put my hands up
Cause this is so obvious
That look in you're eye
Of an awkward goodbye
