"The Unknown"

Visit "[The Unknown](#)" on MotoLyrics.com

Let your world
Be wide open
And your fears
Be blown apart

May your voice
Be louder than bombs
Somewhere in silence
Find one to trust

Lift your head up
Untie the knot
My little sunshine
Hope is never light-years away

Oh oh
Oh oh

Let your senses
Be ignited
By streams of neon
Singing in the dark

Connected to the planet
A million neighbours
A sea of stars

Lift your head up

Untie the knot
My little sunshine
Hope is never light-years away

Oh oh

Leaders, lovers come and go
Outside forces you can't control
Oh I see you smiling at the unknown
Oh I see you smiling at the unknown

Lift your head up
Untie the knot

My little sunshine
Hope is never light-years way

Lift your head up
Untie the knot
My little sunshine
Hope is never light-years way
