Do you know what we're fighting for?  
Well, let's fight, let us fight  
Do you know what we're asking for?  
'Cause I don't sometimes

I just want to kick off at something  
Go to town and then make a scene  
We're not sure what we're fighting for  
But we'll fight

And I just want to give you  
Something that I haven't got  
I'm a walking advertisement  
Of both light and dark

I'm not making any sense  
I'm not making any sense  
I mess up but don't forget that

This is what I sound like  
This is what I sound like  
Just to remind myself  
That this is what I sound like

I was lost in a hotel bar  
I was lost, I was lost  
Is someone out there just laughing at us?  
'Cause it seems that way

We'll stop at nothing to get what we want  
Too young to realize we're all the same  
I was lost in a hotel bar  
I was lost

And I just want to give you  
Something that I haven't got  
I'm a walking advertisement  
Of both light and dark

Oh, I'm not making any sense  
I'm not making any sense  
I mess up but don't forget

Oh, I'm not making any sense  
I'm not making any sense  
I mess up but don't forget that

This is what I sound like  
This is what I sound like  
Just to remind myself  
That this is what I sound like
