Switch on the light between each other
Elevated to your side, now I'm nervous
It's time to tell you honestly
So we can alter history

You are first on my list
When everything around is gone, I know
You are first on my list
When everything is shown up for what it is

Plastic flowers fight for color
Shadows floating on the ground that always follow
Like international acclaim
It comes and goes never the same

You are, first on my list
When everything around is gone I know
You are, first on my list
When everything is shown up for what it is

And I will run with it
Sunlight will break into my eyes
And it seems like you plugged the world in
'Cause sunlight is streaming from your eyes

You are first on my list
When everything around is gone, I know
You are first on my list
When everything is shown up for what it is

Let's take our time, it won't change over night
We got a chance we didn't have before
Let's take our time, it won't change over night
We got a chance we didn't have before

You are first on my list
When everything around is gone, I know
You are the first on my list
When everything is shown up for what it is
