1st verse

On the first night that I met ya
I knew from the start
You'âre my under cover lover
We are never to part
Taking me to heaven without breaking my heart
Lets get this party rockin babe
I'âm ready to start
And if you want to see me
Then just say the word
I'âll turn that sign to do not disturb

Chorus

You'âre my 5 star lover
Ain'ât like any other I'âve known
My 5 star lover
Ain'ât like any other before
My 5 star lover
Ain'ât like any other I'âve known

2nd verse

I can see it in your eyes you wanna be with me
Lets go all the way
Lets be open and free
What we'âre doing baby
Just isn'ât a crime
Let'âs stick together baby all of the time
And if you want to see me
Then just say the word
I'âll turn that sign to do not disturb

Chorus

You'âre 5 star lover
Aint like any other I'âve known
My 5 star lover
Ain'ât like any other before
My 5 star lover
Ain'ât like any other I'âve known
