Verse 1

Come on along; it's time to get it on
Atlanta, let's meet down at the Georgia
Dome
The red and the black, we got a party at home
We got the birds on attack, and the hunt is
on
Yeah, get up and yell; come on and puff up your chest
It's feeding time at home in the Falcon's
nest

Chorus

Knock, knock here we come
We got 'em on the run
Atlanta light 'em up and have some fun
Knock, knock here we go
This roof's about to blow

Atlanta, rock 'em so they always know
The hunt is on, and this is our home
Let's get loud and defend the
dome

Verse 2

So get on your feet; come on and bring the heat
We're going to shake 'em loose like a peach on
tree
Come on and get up and shout; come on and
take a stand
Come on and let 'em know they're in Falcon
land
So get up and yell; come on and puff up your
chest
It's feeding time at home, so let's put 'em to
rest

Chorus (x2)
