Into my fathers' eyes
A little spark of life
Almost gone - Forever

Father don't go away
So much I wanna say
How could I turn back the time now ?
How could I live without
Your jokes, you laughing loud
How could I keep all my faith ?

:: Chorus ::
The day you die
You can hear me cry
My pain inside
Crying out at night
On the day you die
Tears running dry
I hold your hand
Oh father why...
Has time passed by?
...the day you die

On the day you're gone
There's so much left undone
I will miss you forever
Even if I know that's life I want you to survive
But I know I'm just dreaming
Give me just one look into your eyes
And open up the skies

:: Chorus ::
The day you die
You can hear me cry
My pain inside
Crying out at night on the day you die
Tears running dry
I hold your hand
Oh father why...
Life goes on and on

So many words
unspoken not said
I'll keep you
in my heart
'til I'm dead

:: Chorus ::
The day you die
You can hear me cry
My pain inside
Crying out at night
on the day you die
Tears running dry
I hold your hand
Oh, father why...

The day you die
Now you are released
Now you are released
Oh, rest in peace
