Living Loving water  
In a ring of fire higher praying  
Start the voodoo dance  
Dance around and cry out loud

For the liquid power  
Holy blood from heaven sent  
Now fall down and...  
Send your hope up to the sky and shout...

Let there be some rain some rain  
Wash away my pain some rain  
To help me take the blame

Crying flying singing  
For the thundershower power our  
Deep black clouds will grow

Feel the water on your skin  
Sliding down your body  
Celebrate the rain and dance and shout...

Let there be some rain some rain  
Wash away my pain some rain  
Let there be some rain  
Celebrate the rain some rain

Let there be let there be some rain  
Let there be some rain some rain  
Wash away my pain some rain  
To help me take the blame some rain  
Wash away my pain  
Let there be let there be some rain
