"Hold You"

I see my life like a ship in the rain
Sometimes lost in the ocean
There's no aim, it's drifting away
There's no wind to set it in motion

Silence spreads its wings in the air
I can hear the waves whispering
And then I know what life means to me
The endless waiting for a sign

Huh, when the wind turns to you
You feel a fresh breeze hits your sails
The voice of life whispers and sings

I wanna hold you in my arms
I wanna hold you in my arms
I wanna hold you in my arms again

Sea of hope in the ocean of life
You can hear the voices singing
I search alone to find my way
To the shoreline of beginning

Huh, when the wind turns to you
You feel a fresh breeze hits your sails
The voice of life whispers and sings

I wanna hold you in my arms
I wanna hold you in my arms
I wanna hold you in my arms again, again

Dream through the storm, through thunder and rain
With hopes and dreams, I search for an aim
Journey's beginning, voices are singing

I wanna hold you in my arms
I wanna hold you in my arms
I wanna hold you in my arms
I wanna hold you in my arms

I wanna hold you in my arms
I wanna hold you in my arms

I wanna hold you in my arms
Hold you in my arms again, ooh again
