I, I saw her in the news
Someone robbed a bank today
He took a girl to getaway

I saw them drive off in a car
Hunted by the press
Looking for their own success

Why did no one help her?

Just a story
For the Prime Time News
A minute's attention
For a little girl's life

Just a story
Of a brave princess
Lived through hell
To see heaven I guess

Just a story
For the Prime Time News
A minute's attention
For a little girl's life

Just a story
Of a brave princess
Lived through hell
To see heaven I guess

I saw somebody from the press
Had the guy put the gun
Back on her head
Just for fun

Flash, flashlights
Reflecting in her eyes
I saw her tears, I saw the gun
I saw her fear like everyone

Why did no one help her?

Just a story

For a little girl's life

Of a brave princess
Lived through hell
To see heaven I guess

Just a story
For the Prime Time News
A minute's attention
For a little girl's life

Just a story
Of a brave princess
Lived through hell
To see heaven I guess

I saw the
Bullet on her head
A second later
She was dead

Why didn't anybody help her?
