My little princess

Light up my life more than the sun
My little princess, you are my only one
So pure so lovely, your deep blue eyes
So innocent, your children's paradise

Hold you, touch you
I wanna live for you

My little princess, you're the one and only girl
I would give, I would do everything for you
My little princess, I would build a world for you
Oh, it's so nice, a children's paradise, paradise

Can find no words for what I feel
This must be true love, this love must be real
When I embrace you I touch the sky
In our fairy tales you let me think that I can fly

Hold you, touch you
I wanna live for you

My little princess, you're the one and only girl
I would give, I would do everything for you
My little princess, I would build a world for you
Oh, it's so nice, a children's paradise

My little princess
(My little princess)
My little princess

My little princess
(My little princess)
I would build a world for you
Our world of fairy tail

Ooh, my little princess, you're the one and only girl
I would give, I would do everything for you
My little princess, I would build a world for you
Oh, it's so nice, in a children's paradise

My little princess
(My little princess)
My little princess, oh

(My little princess)
Oh, it's so nice, in a children's paradise
