"Tears Of The Trees"

Through the dark forest
Between the green trees
Stay and listen what they say

Dejection in their voices
No hope in their cries
Hear their song with a tear in your eye

Leaves are falling
One by one
Soon we'll know what we have done

And the time will come
(Not far away)
When we're on the run
(Don't dare to stay)
But there's no chance to escape

When the tears of the trees
Falling down on earth
Now it's time to return

The tears of the trees
Rolling round the world
The last cry, the last hope

Hear the deadly silence
Deep in their song the cry of life
Stay and listen what they say

And the time will come
When the children say to their mom
"I've never seen the color green"

The tears of the trees
Falling down on earth
Now it's time to return

The tears of the trees
Rolling round the world
The last cry, the last chance

When the tears of the trees
Falling down on earth
Now it's time to return

Tears of the trees
The last cry, the last chance
