An empty place and the silence all around me  
And I see your face on a picture in my hand

I try to find  
Yes, I'm searching for an answer  
But I cannot find the reason why you wanna go

How can I reach you  
I want to let you know

I don't wanna live without you  
I don't wanna say goodbye  
I don't wanna miss you every day and night  
Without you I would die  
I don't wanna live without you  
I don't wanna say goodbye  
Listen to the wind and hear my words  
Forever you'll be mine

The world with you  
Was turning without motion  
And I never knew  
About your deepest emotions

All excuses  
Never bring you back to me

I don't wanna live without you  
I don't wanna say goodbye

I don't wanna miss you every day and night  
Without you I would die  
I don't wanna live without you  
I don't wanna say goodbye  
Listen to the wind and hear my words  
Forever you'll be mine

Can you feel me like I feel you  
Gimme just a sign  
I wanna hold you and I know  
Forever you'll be mine

I don't wanna live without you  
I don't wanna say goodbye  
I don't wanna miss you every day and night  
Without you I would die  
I don't wanna live without you  
I don't wanna say goodbye  
And I never dreamed it could be over  
Won't you give me one more night

Can you feel me like I feel you  
Gimme just one sign  
Wanna hold you and I know  
Forever you'll be mine
