I, I was a game he would play, he brought the clouds to
my day

Then like a ray of light you came my way one night
Just one look and I knew, you would make everything
clear

Make all the clouds disappear, put all your fears to rest
Who do I love the best? Don't you know, don't you know

You got it all over him, you got me over him
Honey it's true, there's just you
You must have been Heaven sent
Hearing me call you went out on a limb
And you're all that he's not, just look what I got
'Cause you got it all, all over him

No, don't let him worry you so, once I met you I let go
Oh you can surely see, you're so much more to me
Just one look and I knew, you would make everything
clear
Make all the clouds disappear, you're better than all the
rest
Who do I love the best? Don't you know, don't you know

You got it all over him, you got me over him
Honey it's true, there's just you
You must have been Heaven sent
Hearing me call you went out on a limb
And you're all that he's not, just look what I got
'Cause you got it all, all over him

You got it all over him, you got me over him
Honey it's true, there's just you
You must have been Heaven sent
Hearing me call you went out on a limb
And you're all that he's not, just look what I got
'Cause you got it all, all over him

You got it all over him, you got me over him
Honey it's true there's just you
You must have been Heaven sent
Hearing me call you went out on a limb
