The Magic 8 says I'm losing
But I'm trying even harder now to hold on, to hold on
And I can't slow down,
To figure out how to move on.....

Save me, help me step outside
I wanna see a different day

Take me and make me feel alive
I want to see the sun again
I linger on letting go
Will I sink or will I float

Taste me I'm a bitter child
Breaking for the better side somehow
So follow me out

Wake me from all these sleepless nights
And leave me with your morning eyes
Life seems different from this height
Deliver me from this flight
Will I linger or let it go
Will I sink or will I float

Taste me I'm a bitter child
Breaking for the better side somehow
So follow me out
And I'll desecrate restraint inside you
Take my hand and I will guide you now
So follow me out

I am not a saviour, I am not a saviour
I am not a saviour, save yourself
I am not a saviour, I am not a saviour
I am not a saviour, save yourself
Save yourself
