"No One Loves You"

You and I would've shared love so strong and so
secure
But all you left the memories the feelings are no more
Like flowers in the big field
All died and blown away
The letters and the pictures
Are all that will remain

But every moment of every day
I wanna see you, I wanna say

No one loves you like I love you
No one needs you the way I do
No one knows you like I know you
No one kisses you the way I do

So many years of memories
Suppressed beyond recall
The feelings was unbroken
? and so small
