I woke up and the sun was dressed in blue  
The Panavision colours ran out, out in my room  
I wanna paint them where ever you go  
I wanna thrill you but I want it slow  
I wanna fly in the room of your arms  
I wanna enjoy all of your charms

So just stone me into the groove  
You're making everything beautiful  
I think it's wonderful  
Stone me into the groove  
I wanna go!

Oh, my saviour, my friend, just take me away  
From tonight and in, into today  
Just take me out on a carpet ride  
Into a place where I mustn't hide  
'Cause I'm bored of the ancient truth  
I am a car crash in the blue

So just stone me into the groove...

Just name a place where I would'nt got  
'Cause I wanna fly, love, move, cry  
Fly, fly, love, love everything that you do

So just stone me into the groove...
