Why?  
Why?  
Why?

Sometimes this beauty is choking me,  
But at least its your hands at my throat  
Your lashes brush against my cheek  
Coupled with your breath on my neck

The world around you falls away  
And I will still be there  
I know my words are like daggers  
But they cut me too

And I am sorry for all the fucked up things I say  
I didn't mean it  
And I never realized that I can be  
What I hate

Let's be happy with what we have  
Enjoy the beauty in these days  
Sometimes we'll laugh, sometimes we'll scream  
No one said caring was easy

I know there was a time when emotions felt like pulling  
teeth  
Sometimes I felt so soulless I couldn't even look at me  
It's pathetic to hate who you are and it feels like hell to  
change  
But I'll be damned if I push you away

And I am sorry for all the fucked up things I say  
I didn't mean it  
And I never realized that I can be  
What I hate

Let's be happy with what we have  
Enjoy the beauty in these days  
Sometimes we'll laugh, sometimes we'll scream  
No one said caring was easy

I remember when my dreams were dying

And I damned the sun, I damned the sun to pieces  
I carved hateful thoughts into my chest  
Then you took my hand and nothing has ever felt the  
same  
And nothing has ever  
Nothing has ever felt the same
