Its so hard to see
When your eyes are rolling
In the back of your head
its even harder to speak
when everything you say
Just comes out wrong...

Gutted like a pig
When all you want is the world to bleed
Someone, Somewhere stole your desire
The pain akin
To being punched in the throat
Or stabbed
In the chest

You would rather bleed
Than be without her
Gone are the tender whispers
Dancing in your ear
Replaced with lack luster
Memorys you cry
Your screams play in your empty room

Its so hard to see
When your eyes are rolling
In the back of your head
its even harder to speak

when everything you say
Just comes out wrong...

Your bed swallows you whole
And the death be together
Toremented lips of a loved one

If you try hard enough
You can almost taste her
Feel her past and scream
OH GOD WHY MEE???

You would rather bleed
Than be without her

Gone are the tender whispers
Dancing in your ear
Replaced with lack luster
Memorys you cry
Your screams play in your empty room

It so hard to see
When your eyes
are rolling in the back of your head

Its even harder to speak when everything you say
just comes out wrong
