Alone! Empty, and searching again  
I don't see any other way...  
The brave! Hollow, and brake again  
I don't feel anything but pain...

I dream of numbness  
To ease the pain  
I beg for sleep  
To take.. to take me away!

Another night  
Another empty avenue  
Is waiting for you  
And calling me  
Another night  
Another empty boulevard  
Is waiting for you  
And calling me

Desperate, clear  
Quiet thin air  
I feel that this is all in vain...  
Beating for change  
Empty, Cold, Stir

I dream of numbness  
To ease the pain  
I beg for sleep  
To take, to take me away

Another night  
Another empty avenue  
Is waiting for you  
And calling me  
Another night  
Another empty boulevard  
Is waiting for you  
And calling me

Lift, More  
Lift, More, Bear  
Lift, More, Bear, Sleep

To keep me up at night

Whispering:

I dream of numbness...

To ease the pain...

I beg for sleep...

Take me away...

Another night

Another empty avenue

Is waiting for you

And calling me

Another night

Another empty boulevard

Is waiting for you

And calling me

Calling me

It's calling me

Calling me

It's calling me
