Every thought catalyst reaction
Nerve synapse, mentally slavery
Disembodied, controlled minds
Sharpened tools, bloody knives
Electric chips, machines controlled
Boy to your masters, your minds not yours

Dead-end eyes, stainless heart, digital mind (spoken
x2)
Dead-end eyes, stainless heart, digital mind
Your bodys not yours
Dead-end eyes, stainless heart, digital mind
Your wills not yours x2

Elastic manipulated, mass produce
Pre-consumer, post refuse
Encrypted placed, within activated
Run your course, psychological malfunction
We all break down, we all stop

Dead-end eyes, stainless heart, digital mind (spoken
x2)
Dead-end eyes, stainless heart, digital mind
Your bodys not yours
Dead-end eyes, stainless heart, digital mind
Your wills not yours x2

I'm looking in the eyes of my once former self, I see
you weaken

As the line between machinery and humanity blurs x2

Every thought catalyst reaction
Nerve synapse, mentally slavery
Disembodied, controlled minds
Sharpened tools, bloody knives
Electric chips, machines controlled
Boy to your masters, your minds not yours

Dead-end eyes, stainless heart, digital mind (spoken
x2)

Dead-end eyes, stainless heart, digital mind
Your bodys not yours
Dead-end eyes, stainless heart, digital mind
Your wills not yours x2
