Go
Run Away
In Distress
Try To Hide
From what's Creeping And Crawling And Stabbing
Within
Try To Deny
The Turmoil Inside
If You Fight Yourself Hard Enough You'll Never Win
Any Ounce Of Serenity
Or A Calm Hope At Best
Or A Calm Hope At Best
Can Leave You Heaving On The Floor
Gasping For Breath
Are You Gasping For Breath
To Be Left On The Floor Gasping For Breath

You're Either The Person You Are
Or The Person Your Trying
Trying
Trying
Trying To Be
Don't Let The Outside Sway
Too Far From Where
You Want To Be

And At Any Cruel Moments Notice
You Can Ruin The Best
As Your Body Is Brutally Pressed Against The Confines
Of Your Tense Flesh
And If You Close Your Eyes Tight Enough
Then None Of The Bad Can Get In
None Of The Bad Can Get In
And If You Close Your Eyes Tight Enough
Then None Of The Light Can Get In
None Of The Light Can Get In
The Light Can Get In
The Light Can Get In

Boom
You Scream As The Light Hits You
It Radiates Though Out Your Whole Soul

Boom
The Pain Is Clarity
It Cleanses
And If It Still F**king Hurts Then You Still F**king Know
That You Are Still Alive
That You Are Still In Control
If You Would Only Take Hold
Boom
The Day With Both Hands
A Death Grip
And A Good Chance To Outlive Your Past
Are You Living Free
Are You Living Free

You're Either The Person You Are
Or The Person Your Trying
Trying
Trying
Trying To Be
Don't Let The Outside Sway
Too Far From Where
You Want To Be

You're Either The Person You Are
Or The Person Your Trying
Trying
Trying
Trying To Be
Don't Let The Outside Sway
Too Far From Where
You Want To Be
