So here, we are again  
The same fork in the road  
I hate you. You love me  
This story's getting old  
The day that I opened up  
You shut me up for good  
forgive, forget, fuck you  
You are a liar and a whore

So take what you want and leave  
You'll never get another part of

I remember the day that  
I thought I would be free  
I poured out my soul to you  
exposed everything  
I take it out  
my heart is broke  
my hand it's much the same  
I did my best to drink you away

Chrous:  
So take what you want and leave  
You'll never get another part of

You are poison on man's lips  
Lured in by the curves of your hips  
Come here boy, stand by me  
Look my way, have another drink

I should have got up  
I should have got up and left you

and I will never ever be you're lover again  
as far as I'm concerned, we are not even friends  
this may not seem too subtle to you  
the point I'm trying to make is we are completely  
through

So take what you want and leave  
You'll never get another part of me

Chorus
