I'm so tired

Oh although,
I can taste the winter
I would shut up
if i thought that it mattered

that's what it feels like
when you're stitched into this game
i feel stuck and no one thinks
somethings missing
(somethings missing)

No one cares, No one listens
screaming words that you faked hearing
No one cares, no one listens anymore
(no one listens anymore)

my eyes burn
as i bury how I'm feeling
close my eyes
it's my life that I've been stealing
if it's alright why do i feel a sense of longing
i had it all

yet i thought that somethings missing
(somethings missing)

No one cares, no one listens
screaming words that you faked hearing
No one cares, no one listens anymore
whoa x2

so paranoid
I've been hiding from the sign
I'm tired of being afraid
of everything and everyone
I'm so tired

No one cares, no one listens
screaming words that you faked hearing
No one cares, no one listens anymore x2

ooh no one cares no one listens
screaming words that you faked hearing
no one cares, no on listens anymore.
