Come on

I can see her now  
Dancing around her drink in hand  
All her baggage in tow  
I just want to forget and let go

Of all other joy, the pain  
I took your guilt and placed it into me  
And now I kiss it goodbye  
Our last dance ended fatally

Who's sleeping on my side of the bed tonight?  
Have you ever cried so hard?  
Baby you just died  
Who's sleeping on my side of the bed tonight?  
Have you ever cried so hard?  
Have you ever cried so hard?

There she goes again  
Another masquerade in false circumstance  
She'll fuck you just for the taste  
I just wish that I could replace

All the memories of  
What makes my blood run cold  
As your blood runs through me  
I say goodbye to what we had

Who's sleeping on my side of the bed tonight?  
Have you ever cried so hard?  
Baby you just died  
Who's sleeping on my side of the bed tonight?  
Have you ever cried so hard?  
Have you ever cried so hard?

She came and went, I gnawed through my lip  
Make-up smeared in her eyes  
Each sob's a reason to say goodbye  
Sometimes when you're holding on, you never see the  
light

With flowers in her hair  
Gazed upon with dead lovers eyes  
She never looked so good  
And I never felt so right

With flowers in her hair  
Gazed upon with dead lovers eyes  
She never looked so good  
And I never felt so right  
Never felt so right  
I never felt so wrong

With flowers in her hair  
Gazed upon with dead lovers eyes  
She never looked so good  
And I never felt so right

Who's sleeping on my side of the bed tonight?  
Have you ever cried so hard?  
Baby you just died  
Who's sleeping on my side of the bed tonight?  
Have you ever cried so hard?  
Have you ever cried so hard?

You just died
