Starving, searching this barren wasteland
Trying to grasp being this alone
Pleading for a breath of fresh air
Someone's standing on my chest
Dying, I'm asphyxiating myself

(Breaking myself)
Break myself, slave to my weakness
Choke on my words
(Oh I'm drowning and I feel so alone)
Break myself, slave to my weakness
Choke on my words
(The lights are on and I wish I was home)

Break myself, slave to my weakness
Choke on my words
(Oh I'm drowning I feel so alone)
Break myself, slave to my weakness
Choke on my words
(The lights are on and I wish I was home)

My lips are screaming pretty nothings
My ears are bleeding for want of words
Fuck words. I need actions
Hope has left me fucking shattered
Someone's standing on my chest
Alone would be a pleasant change from here

How do you gauge loneliness?
How do you gauge loneliness?
How do you gauge loneliness?
(Have you ever felt so alone?)

(Who are you?)
It feels like the light will never reach me here
I'm choking back my longing for shed tears
So strangulated by my lonesome fears
Please don't worry too much
It only hurts when I breath

When someone walked out with it
(When I breathe)

But only when I breathe
