Crystal clear I see the rose is frail  
The thorns hide easily in its beauty  
As I go to grasp it in my hand  
My heart is torn beating from my chest

Let me be captivated by your beauty  
Then let me fall from your grace unto my broken knees  
Close my eyes so tightly, the tears are welling up  
You aren't worth the waste of the salt or the water

Watching the sun play in your hair  
And I couldn't really care  
Care any less about you  
Watching the sun play in your hair  
I couldn't really care  
Care any less about you

Fuck all your false beauty  
It was transparent just like your smile

(Liar)  
Your thorns caress my flesh  
Crimson drops on a snowy field  
(Liar)

I have watched you retrogress  
I have seen what you've become  
(Liar)  
Please take your eyes off of me  
It's funny how fast blue eyes fade to gray  
(Liar)

Let me be captivated by your beauty  
Then let me fall from your grace unto my broken knees  
Close my eyes so tightly, the tears are welling up  
You aren't worth the waste of the salt or the fucking  
water

And you are deceit

Just wither away real beauty is forever in you  
Just wither away real beauty is forever in you

Just wither away real beauty is forever in you  
Just wither away real beauty is forever in you
