Bang

Explosions in my head that just won't quit  
A train is crashing through the wall around my heart  
And left it only dead, obliterated

Stop

My breathing in the night when you're not there  
The silence ringing through my ears  
And all I want to do is hear your voice but you're not there

Drawn together, pain has rushed through  
Sleight of hand, blink  
We won't go up in smoke  
Things colliding, love undying

Like the rising tide  
Beating hearts grow but never die  
To simplify I'll stand by your side  
Close my eyes, hope will never die

Like the rising tide  
Beating hearts grow but never die  
To simplify I'll stand by your side  
Close my eyes, hope will never die

Burn

Take away the pain of being me  
Soothe my soul, caress my heart and end my fear  
Of my bad memories eradicated

Pain

Like gunshots running against the silent night  
My love was silent and these words were stronger  
Than the rest, unstoppable, unstoppable

Drawn together, pain has rushed through  
Sleight of hand, blink  
We won't go up in smoke  
Things colliding, love undying

Like the rising tide

Beating hearts grow but never die  
To simplify I'll stand by your side  
Close my eyes, hope will never die

Like the rising tide  
Beating hearts grow but never die  
To simplify I'll stand by your side  
Close my eyes, hope will never die  
Will never die

Die

Drawn together, pain has rushed through  
Sleight of hand, blink  
We won't go up in smoke  
Things colliding, love undying

Like the rising tide  
Beating hearts grow but never die  
To simplify I'll stand by your side  
Close my eyes, hope will never die

Like the rising tide  
Beating hearts grow but never die  
To simplify I'll stand by your side  
Close my eyes, hope will never die  
Will never die, die
