Used to wait around  
Thinking all about  
The things that I would tell you when you came  
Then when you'd arrive  
Much too late at night  
You'd say that you were broke or missed your train

Ah, but you can't do that  
If you want me back  
I'm never gonna wait around again  
(But) if you let me go  
Then we both will know  
The truth is that you never were my friend

When you see them all  
Tell them what you want  
I'll never try to tell you what to say  
Friends are all around  
(So) when you put me down  
You really should remember what you said

Cus you can't say that  
You were at my back  
I'm never gonna count on you again  
(Not) gonna slip right back  
Into what we had  
It really isn't worth it in the end.

Do what you want, what you want  
Do what you want, what you want

You can say that I  
Won't apologize  
We both know that you need someone to blame  
Think I've said enough  
(I) guess it's kind of tough  
The things that people do when they're afraid

But you can't say that  
You were at my back  
I'm never gonna count on you again  
(But) if you let me go

Then we both will know  
The truth is that you never were my friend.

But you can't say that  
You were at my back  
I'm never gonna count on you again.  
(Not) gonna slip right back  
Into what we had  
It really isn't worth it in the end

Do what you want, what you want  
Do what you want, what you want

Too bad  
So sad  
What we had
