Don't know why we have to fight baby
Don't know why, I feel you close to me
When I feel you're love and mine
And you know to see the signs

I love you better, you know me better
I'd like to think that you know me well

I love you baby, I'll never give in
Ah, ah
I love you baby, I'll never give in
Ah, ah

Put aside your pride, let's talk
We fuss and fight, then fall
What a bitter sweet insanity

Would anyone see that its wrong?
What is meant to be will come to be
If only we could see who we are

I love you baby, I'll never give in
Ah, ah
I love you baby, I'll never give in
Ah, ah

I love you baby, I'll never give in
Ah, ah
I love you baby, I'll never give in
Ah, ah

Twisted love can be such a rush
Twisted love can be such a rush

Maybe we can make it if we give it some time
Think I really know where you are
Wouldn't have to say it if I thought you were mine
Think I really know what you want

Maybe we can make it if we give it some time
Think I really know where you are
Wouldn't have to say it if I thought you were mine

Think I really know what you want

Maybe we can make it if we give it some time

Think I really know where you are

Wouldn't have to say it if I thought you were mine

Think I really know what you want
