Nobody knows me...
Nobody knows me like you do.
Somebody said that the lonely side would make you
stay,
Now that you know you're wanted.

Burned by the sun today.
My fears have all gone when you stay.

[Sighing]

Nobody knows me,
Now that I've finally seen the light of day,
Now that I know you want this...

Burned by the sun today.
My skin's never felt this way.

Bup bup bah... x4

I'm gonna love you always.
You can be my one and only.
I'm gonna love you always.
I'm gonna be here to the end.

Even if you never told me,
That I'm your one and only,
I'm gonna love you always.
I'm gonna be here to the end.

Troubles, they fly away.
My feet leave the ground when you stay.
Troubles, they fly away.
My fears have all gone once you stay.

I'm gonna love you always.
You can be my one and only.
I'm gonna love you always.
I'm gonna be here to the end.

Never gonna be feelin' lonely,
Cause your my one and only.

I'm gonna love you always.
I'm gonna be here to the end.

I laugh everytime,
Thank you darlin',
And I find there's somethin' in your eyes,
Everytime.
I need you honey.

Step by anytime,
Thank you honey,
And I found there's somethin's with your eyes,
Everytime.
I need you darlin'.
