I step outside into the light,
The sun is bright, I close my eyes,
The summer caught me by surprise,
And now I'm left here waiting,
For you to tell me how it is,
If I could only get a kiss,
I could make you take a risk,
On a boy who wants this

And now the sun has sunk below,
The evening wind now starts to blow
I catch the scent of your perfume,
It lifts me higher than the (moon)

I'll Be fine if you stay by my side

Never felt this way in my whole life
Never had this feelign before tonight
Can't get you off of my mind
Because you shine girl, oh, you know you shine

Your eyes are brighter than the sun
So big and brown and full of fun
Your smile takes my breathe away
And leaves me with nothing to say
You aren't like any other girl
That I've met in this whole world
You're so much more than they can be
So won't you please just be with me

I'll Be fine if you stay the night

Never felt this way in my whole life
Never had this feelign before tonight
Can't get you off of my mind
Because you shine girl, oh, you know you shine

And I'd Give up forever
To see the day
Where the two of us both, could just walk away
Hand in hand

Never felt this way in my whole life (woah)
Never had this feelign before tonight (woah)
Can't get you off of my mind (woah)
Because you shine girl, oh, you know you (woah) shine
