If I had one wish you know it'd be
That you would fall in love with me
One more night, just one more time
That we hold each other
In our arms, and it's your eyes
You're like an angel in disguise
And it's you that saved my life

And I'm singin' out loud
A song about how my life's turned around
Woah! and don't you know, baby girl you got me on my
knees
Woah! and don't you know, baby girl you're everything
I need
And let's run away, let's leave this town
Never look back, never turn around
Just take my hand and I'll take you, woah!, woah!

If I had one wish you know it'd be
That you would run away with me
We'll take a car or take a plane,
But we'll have each other
Forever isn't enough time
For you and I to share a life
And I hope it starts tonight

And I'm singin' out loud
A song about how my life's turned around
Woah! and don't you know, baby girl you got me on my
knees
Woah! and don't you know, baby girl you're everything
I need
And let's run away, let's leave this town
Never look back, never turn around
Just take my hand and I'll take you, woah!, woah!

You make me believe
In things I can't see
Like angels and sunshine, and wonderful dreams,
I have when I sleep, and even more when I wake up
My life feels new, since you came into
Like a shooting star that I can hold onto

Can I hitch a ride, into the sunset

And I'm singin' out loud

A song about how my life's turned around

Woah! and don't you know, baby girl you got me on my
knees

Woah! and don't you know, baby girl you're everything
I need

And let's run away, let's leave this town

Never look back, never turn around

Just take my hand and I'll take you, woah!, woah!

Let's run away, let's leave this town

Never look back, never turn around

Just take my hand and I'll take you, woah!, woah!
