You give me something I can touch,
Pretty words don't mean that much...

When you lay me down,
Yeah you take my breath away,
Never felt so out of rate...

When you're here you make me braver,
No I never thought I'd go mad,
It's all over now...

Sometimes when you hold me I seem weaker,
It's only cause I breath, deeper...

I know that this is a last goodbye,
But you know I won't let you go without a fight,
I want you back again,
Say it's no too late,
Cause I still feel the same...

This is a last goodbye,
Gonna be my last chance to try to make it right,
I want you back again,
Say it's not too late,
Cause I still feel the same...

Why oh you gotta talk to me,
Can't you see I'm gonna freeze...

Oh without your love,
There won't be no summer sun,
Can't you see what we'll become...

This was never meant to happen,
Here we stand we're close to broken,
It's all over now...

Sometimes when you hold me I seem weaker,
It's only cause I breath, deeper...

I know that this is a last goodbye,
But you know I won't let you go without a fight,

I want you back again,
Say it's no too late,
Cause I still feel the same...

This is a last goodbye,
Gonna be my last chance to try to make it right,
I want you back again,
Say it's not too late,
Cause I still feel the same...
