i guess its only the men who get fucked now and again
we take our
chicks to the mall we waited parking stalls and when we
come home
to late she's pissed that she had to wait and my excuse
not to call it
never worked at all

time to wake up wheres your daughter hurts to break
up she was
stronger all my friends say please dont love her what
did i gain now
i miss her so

i use to hate the lipstick it stained and tasted so sick
the pantihose
and the bras she threw on my guitars she fuck i made a
mistake i
thought i needed a break the truth is im such a dick its
broke and cant
be fixed

time to wake up wheres your daughter hurts to break
up she was
stronger all my friends say please dont love her what
did i gain now
i miss her so

if you wanna call it a heart break then i should regret
those things i
miss her if you want the pain to go away better suck up
your pride
admitt you lost her let her go move on let her go move
on let her go

time to wake up wheres your daughter hutrs to break
up she was
stronger all my friends say please dont love her what
did i gain now i
miss her so

move on let her go move on let her go move on let her

go move on let
her go
