I feel that I'm surrounded  
A smell of carrion everywhere  
They've dropped with fatigue  
I, I see them all they stay apart  
Took cover of the night, gave up the ghost  
Alive walking corpses sickening me  
Soulless, wasted bastards without spiritual wealth

Set me free, as a bird, give me wings  
And let me fly away, as far away as I could  
Into the new world  
Set me free, as a bird, give me wings  
And let me fly away, as far away as I could  
Into the new world

Infernal, ambition, get rid of you all  
Don't make me wait, don't require me to pray  
The sands are running out  
Alive walking corpses sickening me  
Soulless, wasted bastards without spiritual wealth

Set me free, as a bird, give me wings  
And let me fly away, as far away as I could  
Into the new world  
Set me free, as a bird, give me wings  
And let me fly away, as far away as I could  
Into the new world

Do you know what is the new world?  
Clean and true  
The world of our ancestors, that we  
Have forgotten  
It's the World that's only in our  
Only in our hearts

Set me free, as a bird, give me wings  
And let me fly away, as far away as I could  
Into the new world  
Set me free, as a bird, give me wings  
And let me fly away, as far away as I could  
Into the new world
